

Senioritis: A Sequence
by Breana Bagley and friend, Millikin University
May 1, 2018

Senioritis

photos posted everywhere
favorite meals are made
treated like gold happy senior week

week of celebrating
all the work you've done

work hard
so you can play harder
that's what my mom told me

mom always knows
best

best at telling fortunes
and giving life advice
the definition of mom

senioritis
because the seniors have lived it
