conversations about  
friends  
they go running

spring breeze  
finals on her mind

nighttime peace  
looking up  
shiny stars

she pours her soul  
onto a canvas

embracing her love  
like  
Romeo & Juliet

Ah! The Moon!  
returning once again  
to calm my fears

only 10 days left...  
she has to say it

a phone call ruins  
their precious time together

the words turn  
to jumble...  
she sprints to the sea

goodbye,  
forever –  
I'll miss you

the glint of a pearl  
his farewell gift

rocky road  
ice cream time

she is overcome with  
grief, and  
collapses

sugar rush  
smell of the daisy  
time to go

I wonder who will  
rescue me

a tear falls  
settles into the cottage
